## End of the Year

It always amazes me how quick the school year goes each year! It feels like Open House was last week! I have truly enjoyed working with each student this year. I am so lucky to see the growth and spend time with each child every day. I am proud of how hard they worked and what they have achieved this school year.

It will be important for students to read over the summer to prevent the "Summer Slide." Students who do not read this summer will regress about 2 reading levels. I will be sending home a "Summer Suitcase" for students this week. It will contain math games, reading calendars, a writing journal, and electronic suggestions to use over the summer. Students who bring them back completed in the fall will get a small prize from me.

It was my pleasure being your child's teacher this year! I hope everyone has a safe and wonderful summer!
