- Parent Teacher Conferences  
November 17, 22, 23
- No School  
November 23, 24, 25

### Our Halloween Party!

### Report Cards go home

November 11

### Matific

Matific is an electronic math game program that was purchased as an additional resource for all 1st Grade students at Riverside this year. It's purpose is to practice math concepts independently and personalize needs. I am able to add games with similar learning targets as our Envision Math Series Book. This enables your child to get additional practice that is both fun and educational. Each child has their own account. The user name is their District Id. The password is their first name (all lowercase).

Students will also be able to use their Matific accounts at school a few days a week during center time. I am excited for students to begin using this tool both at home and at school!
